Principal Update

Dear Parents and Carers,

Education Week 2020- Learning Together

During this week, our students celebrated Education Week with the theme 'Learning Together'. It reflects the incredible months of 2020 where our students continued to learn and achieve despite the fires, floods and pandemic. Unfortunately, our traditional celebration of Education Week with parents in our classrooms and our Open Library Day has had to be cancelled due to COVID-19 however, we welcome you to view our learning experiences across our school via virtual tour. Please refer to Skoolbag for our virtual tour videos across every classroom.

Parent Teacher Interviews via ZOOM

Thank you to every parent and carer who has taken time to further discuss their child's Semester 1 progress with their child and relevant class teachers. We hope that this opportunity has provided greater clarity of your child's literacy and numeracy goals for this semester. To further support our reporting processes for Semester 2 and beyond a short survey will be made available to all families at the end of our Parent Teacher Interviews. More information to follow on Skoolbag at the end of next week.

NCCD- Nationally Consistent Collection of Data on School Students

At Croydon Park Public School, adjustments are made in the classroom and playground to support the learning of students who have additional needs. The school collects data about these adjustments and their effectiveness. I have included a letter at the end of my report that outlines the processes involved in the collection of the data. Feel free to contact me if you have any further questions.

P&C Meeting this coming Thursday 13 August

Due to COVID-19 our P&C meeting will take place via ZOOM. We hope that you are able to join us this coming Thursday 13 August at 7pm. I am looking forward to connecting with our school community and discussing information regarding future planning and events. Please refer to the attached P&C flyer in this newsletter for further information and details with how to connect to the meeting via ZOOM.

Smart Watches at school

We have started to see an increase of students wearing smart watches to school. A smart watch is a digital watch that has the functions to not only tell the time, but also take photos, connect to the internet and make phone calls. We kindly ask that from this coming Monday onwards all students keep their smart watches at home. This is in order to protect the privacy of our students and the sensitivities that surround this. Thank you in advance for your support with this matter.

Complaint, Compliment or Suggestion Procedures

At Croydon Park Public School, we are committed to working with parents, carers, students and families to ensure all students are happy and thrive at school. Their maybe times when you want to ask a question, raise an issue or make a complaint. We encourage families to raise any concerns early, so that prompt action can be taken. We also ask that you first contact your child's class teacher. It is very helpful to think about what you would like to have happen and together with your child's teacher set realistic expectations. Following this initial contact, should your issue remain unresolved please contact the school and ask to speak to the appropriate executive.

FRIDAY 28th

Should your concern continue to remain unresolved, please feel free to contact me. At Croydon Park Public School, we want to work with you to create safe, supportive learning environments. So please contact us if you have feedback, a question or complaint, or if you want to tell us about something we are doing well. Together and in partnership we can help our students connect, succeed and thrive in Croydon Park Public School.

Thank you Mrs Judd

Today, at our whole school morning assembly, our students and staff thanked Mrs Judd for her outstanding commitment to teaching 1J this year and dedicated efforts in her relieving role as Stage 1 Assistant Principal. We wish Mrs Judd and her husband all the very best as they await the arrival of her baby and look forward to sharing their wonderful news in the near future. Mrs Judd will commence her maternity leave as of this coming Monday 10 August.

School Canteen- Birthday Bucket

As of this term our school canteen has commenced selling birthday buckets for children wishing to celebrate their birthday at school with their class mates. Each birthday bucket includes a Quelch Fruit Sticks Ice Blocks for every child in your child's class. Cost per birthday bucket is \$15 and can now be ordered via the Flexischools App. The Birthday Bucket is an alternative treat to cupcakes and other birthday treats that were restricted due to COVID.

Kindest Regards,

Anastasia Galanos, Principal.

Dear Parents, Guardians and Carers

Re: Nationally Consistent Collection of Data on School Students with Disability (NCCD)

Every year, all schools in Australia participate in the Nationally Consistent Collection of Data on School Students with Disability (NCCD). The NCCD process requires schools to identify information already available in the school about supports provided to students with disability. These relate to legislative requirements under the *Disability Discrimination Act 1992* and the Disability Standards for Education 2005, in line with the *NCCD guidelines* (2019).

Information provided about students to the Australian Government for the NCCD includes:

- year of schooling
- category of disability: physical, cognitive, sensory or social/emotional
- level of adjustment provided: support provided within quality differentiated teaching practice, supplementary, substantial or extensive.

This information assists schools to:

- formally recognise the supports and adjustments provided to students with disability in schools
- consider how they can strengthen the support of students with disability in schools
- develop shared practices so that they can review their learning programs in order to improve educational outcomes for students with disability.

The NCCD provides state and federal governments with the information they need to plan more broadly for the support of students with disability.

The NCCD will have no direct impact on your child and your child will not be involved in any testing process. The school will provide data to the Australian Government in such a way that no individual student will be able to be identified – the privacy and confidentiality of all students is ensured. All information is protected by privacy laws that regulate the collection, storage and disclosure of personal information. To find out more about these matters, please refer to the [Australian Government's Privacy Policy](https://www.education.gov.au/privacy-policy) (<https://www.education.gov.au/privacy-policy>).

Further information about the NCCD can be found on the [NCCD Portal](https://www.nccd.edu.au) (<https://www.nccd.edu.au>).

If you have any questions about the NCCD, please contact the school.

Kind regards

Anastasia Galanos

Early Stage 1 Update

Kindergarten's science unit 'Paddock to Plate' is off to a great start. The living eggs hatchery arrived on Monday and we were luckily enough to have all 10 eggs hatch. The students in KGT were fortunate to witness one of the chicks hatch Wednesday morning. Over the next week, the chicks will spend time in each kindergarten classroom, where the students will have an opportunity to hold and observe them.

Cooking has also started with Mrs Maddison on Wednesday afternoons. All of kindergarten come together to explore where certain products come from and then use them to cook with. So far, the students have made pikelets and churned butter.

Just a reminder that our News program has started. The News schedule was sent home last week in the Overview. If you did not receive one, please contact your child's teacher.

Stage 1 Update

Stage 1 students have all now settled into Term 3 learning and are working hard on their class work. This term, students are learning all about Australia and Australian animals in both Science and Geography. They are focusing on informative writing and have produced some amazing work so far.

Below are some great examples of our Year 2 classes working hard on building their informative writing skills and editing and improving their own work.

As I begin my maternity leave on Monday 10th of August I would like to personally thank all the Stage 1 students, families and teachers for their support during what has been a challenging year so far for all.

Thank you!

Stage 2 Update

**Year 6
Jerseys have
arrived!!**

Thank you to the students in Stage 2 who have been completing their homework tasks on Google Classroom. We have seen a positive response across our Stage 2 classrooms. Thank you as well to the parents and carers who have organised interviews with their child's classroom teacher and navigated technology to use Zoom! We appreciate your support during these unexpected times.

This term the topics we will be covering are:

Geography: 'Earth's Environment'

Science: 'Material World'

Visual Arts: 'The World Around Us'

PDHPE: 'Resilience' and SISA

Ashley Winwood, Assistant Principal

Stage 3 Update

This week in Numeracy, Stage 3 have been learning about the order of operations. Both the Bodmas and Pedmas mathematical procedures have been examined and used to solve problems.

In Writing, Stage 3 are currently sharpening their skills in informative writing. Stage 3 are also reading the book "Holes" as part of novel study. The book's core themes are resilience and perseverance. The book is a great vehicle to showcase characterisation and challenge stereotypes.

For those who haven't returned permission notes yet, a reminder that the 3-6 Athletics Carnival is fast approaching and notes need to be returned as soon as possible.

Clips for Wheelchairs

The school canteen are still collecting bread clips. The clips are recycled into wheelchairs. Please save your clips and send them in with your child. They can then be given to Angela in the canteen or Mrs Thuell.

Thank you,
Emma Thuell

Library Update

Education Week: Book Donations

A big thank you to all the families who have supported our Book Donations! It's not too late - we will continue next week. Just \$5 or \$10 in an envelope with the child's name and class, and the students may select their books when the library is open before school or at lunchtimes.

Library Instagram account

We love to celebrate and promote the many amazing aspects of school life at Croydon Park Public School. Our library's Instagram account is a way of sharing with the world the many wonderful things that we do in our school library.

You can follow this account on Instagram: [croydonparkps.library](https://www.instagram.com/croydonparkps.library)

Premier's Reading Challenge

There are now three weeks left for students in Years 3, 4, 5 and 6 to finish reading the twenty required books. They also need to complete the online reading record. Once that is done, they must see me to add their star to our PRC SuperStars display. The closing date for all this is Friday 28 August. Well done to those students who have already completed the challenge!

If any student is having problems with finding the appropriate books or completing the online log, remind them to come and chat to me about it. Before school on Mondays, Wednesdays, Thursdays or Fridays is the best time to sort out any of this.

P&C Members Update – Week 3, Term 3 2020

Thank you to the many families who submitted one of their treasured family recipes for the Flavours of Croydon Park Cookbook during Week 1. This will raise additional funds for our P&C after our spending spree last term! If you would still like to contribute, please email flavoursofcpp@gmail.com with the recipe title, why it's special to you, the type of recipe (i.e. snack, lunch), how many people it serves, the ingredients and the method... AND don't forget a photo!

What will happen at our next P&C meeting?

We will have another update from our Principal, Ms Galanos as to what's been happening at school, COVID updates from the Department, and anything else she'd like to share with the school community! We will also discuss the likelihood of upcoming school events being held and get updates from our P&C President, Treasurer and Secretary. If you have any items you'd like to discuss, please email us! Here's our P&C Facebook event link: https://www.facebook.com/events/834690003728006?active_tab=about

So when is the next meeting? Thursday August 13 at 7pm via ZOOM

About us

Here at Croydon Park Primary OSHC Centre, we have a team of dedicated educators who are passionate about working with children.

Our programs are based off the 'My time, Our Place' framework and our weekly children's meeting ensures their voice are heard to help plan our program. We have also introduced MOOVOSITY twice a week to our program to help encourage children to enjoy a life of physical activity.

In addition to our program, we also run clubs every term. The clubs that we offer are both educational and engaging, allowing the children to grow their knowledge and their skill set.
