## Principal Update

Dear Parents and Carers,

### Keeping our children safe when dropping off and picking up at school

To increase safety measures, I have applied to the Road and Maritime Services for a lollipop supervisor to provide more protection for our children when crossing the road in Seymour Street. I will provide further information next term.

Unfortunately, I continue to receive complaints about unsafe driving practices such as U turns, three-point turns and double parking during drop off and pick up times in Seymour Street. I strongly encourage all parents and carers to be considerate of the safety of others.

### Here are a few things we can all do to help keep our children and others safer during drop-off and pick-up times during the school week:

- Stick to the 40km/h speed limit in a school zone and look out for children who may be about.
- Always give way to pedestrians particularly when entering and leaving driveways.
- Always park and turn legally around schools. Manoeuvres such as U-turns and three-point turns are dangerous during busy school drop-off and pick-up times.
- Drop your children off and pick them up on the school side of the road in our school's designated drop-off and pick-up area. Never call out to them from across the road - they may run to you without checking for traffic.
- It's safest for children to get out of the car through the Safety Door, away from passing traffic. This is the rear footpath side door of the car.

The safety of our students and school community is paramount. Thank you to all parents and carers who continue to be considerate in taking care and being considerate of others during pick up and drop off times.

## The 'Tell Them From Me' (TTFM) Parent Survey

As in previous years, our school will again participate in the Partners in Learning Parent Survey. Your valuable feedback will help guide decisions around the future directions for our school. The survey typically takes 20 minutes or less to complete and is completely confidential. The survey can be done in several languages. Although participation in the survey is entirely voluntary, your responses are very much appreciated.

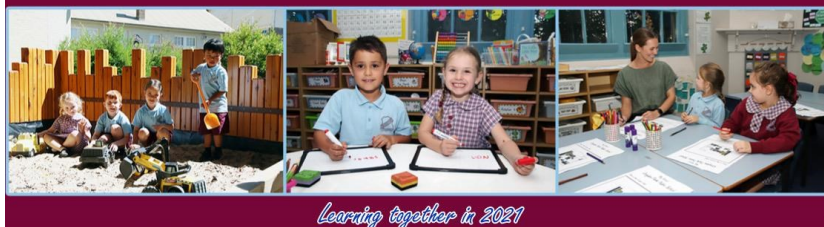

**The survey will be made available on Skoolbag next Monday 21 September and will remain open until the Friday 16 October.** We look forward to receiving your feedback.

## Kindergarten Enrolments 2021- now overdue

Please contact our school office for an Enrolment Form or fill out a form using the link [here](#). Due to COVID restrictions, Kindergarten Orientation is currently on hold in all schools. More information regarding our Term 4 Orientation Days will be sent out once updated COVID restriction guidelines are announced for Term 4.

## SCHOOL HOLIDAY ROAD SAFETY - REMINDER FOR FAMILIES

With the school holidays approaching, daily routines will soon change. Different play locations and holiday destinations means different traffic environments. So to help keep our children safe, families are reminded about these key road safety points:

**Stop, look, listen, think every time you cross the road.** If your child is aged 8 years or younger hold their hand when walking near or across roads. If your child is 9-10 years old always actively supervise them.

**It's the law that everyone wears a helmet when riding a bike in a public place.**

It makes sense to wear a helmet when riding scooters and skateboards too!

**Click clack front 'n back every person for every trip.** Everyone in the car must be securely buckled up in the right seatbelt or child restraint.

**Talk to your child about being a safe road user.** Reinforce safe road behaviours by being a good role model! Children learn safe road behaviours from the adults who care for them. Talk about what you are doing to be safe when near roads, in the car and when riding.

**Point out road safety differences and dangers in new environments.** This is especially important when on holidays in different surroundings. Roads, foot-paths, parks, carparks, bike tracks and bike lanes may look different in holiday areas.

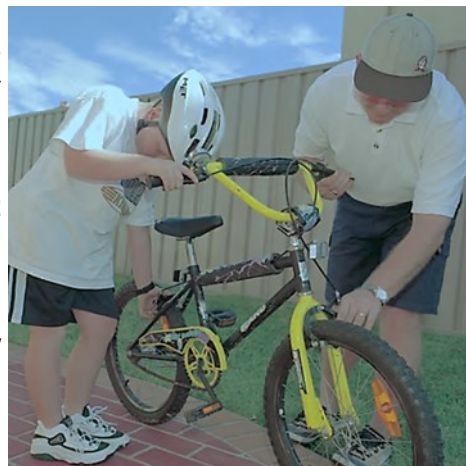

**The best way to keep your child safe is to actively supervise them.**

**Talk and teach your child about road safety every time you are out an about.**

**Remind other adults who care for your children to do this too.**

With one more week to go before the commencement of the school holidays, I would like to thank all parents and carers for your ongoing support with keeping our school COVID safe during this term. It has been a challenging time with ongoing restrictions and I appreciate your ongoing support and cooperation. Wishing everyone a safe and relaxing holiday at the end of next week.

Kindest Regards,  
Anastasia Galanos, Principal.

## Early Stage 1 Update

### Literacy

This term Kindergarten have been focussing on informative writing about a variety of farm animals to integrate with our 'Paddock to Plate' Science unit. Together we have been researching animals and writing about what they look like, where they live, what they eat and the different products that they provide us. We especially loved learning about cows - it was legenDAIRY!

### Numeracy

This fortnight in maths, Kindergarten have been learning about the values of Australian coins and notes. To consolidate their learning, each student 'bought' a monster. Each child was given some play money to buy different accessories to create their own monster and had to select the coin or note that matched the value of the item that they wanted to purchase. We definitely have some big spenders!

Emma Thuell, Assistant Principal

## Stage 1 Update

### What's Happening in 2A?

#### Literacy

2A participate in a variety of literacy activities to build on their reading, writing and spelling goals. These activities focus on the phonics sound of the week, reading and comprehension based on facts about Australian animals which links to our Geography unit this semester, Reader's Theatre and read and match challenge task cards to name a few. The students enjoy working collaboratively to extend on their current knowledge and their emerging literacy skills.

#### Numeracy

2A have had a wonderful 'time' exploring numeracy through engaging in enjoyable learning experiences with the focus this week being on Time, Fractions and Number Facts. Students have been working in their groups to read and tell the time, identify fractions and develop their addition and subtraction skills through the use of the split strategy. 2A have an AWESOME time learning about Mathematics!

### Commonwealth Bank Visit

Last week, 2A was visited by Captain Cash! We learnt about ways to save our money and to always remember, "speed for your needs and wait for you wants!"

Litsa Hallaby, Relieving Assistant Principal

## Stage 2 Update

### What's Happening in 3/4HI?

#### Hockey

This term we have been lucky enough to receive lessons in hockey! The students have absolutely loved learning how to control the ball and playing the games too. It looks like something we may need to continue in the timetable in term 4 as a class, because they have been enjoying the activities so much!

#### Literacy

Over the past two weeks 3/4HI have been learning how to present a literacy circle. The students all read a short story and then were each given a role to present. We enjoyed sharing our work with each other and having in-depth discussions about the stories we read. In writing we have been practicing our persuasive writing skills - ask your kids what their thoughts are on whether or not Woolworths should be giving out Ooshies, or if computer games should have an automatic lock out after 2 hours! The students in 3/4HI have been practicing writing paragraphs with good structure - including linking sentences and examples!

#### Numeracy

In Maths 3/4HI have been practicing completing the 12x12 multiplication grid everyday - and boy are we getting quick! Many students can now finish the entire grid in under 5 minutes! This is a great task to practice at home too - having quick recall with the times tables is a great advantage in the years ahead! We have also been practicing addition and subtraction (including algorithms, much to the relief of many year 4 students!) and learning about different kinds of angles. See if you can find get your child to point out some right angles around the house this week!

Ashley Winwood, Assistant Principal

# CROYDON PARK PUBLIC SCHOOL NEO ORA

## Stage 3 Update

### Numeracy

This fortnight, students in Stage 3 have continued to learn about fractions, decimals, percentages; angles, and data. However, it's important to keep practicing times tables. Those long holiday car journeys might be the perfect opportunity!

### Literacy

Students have been learning how to use a WAGOLL (What a good one looks like) to enhance their information report writing skills. Using examples of reports and working collaboratively; students have graded and identified the elements of good writing, prior to researching and writing their final information reports for the term.

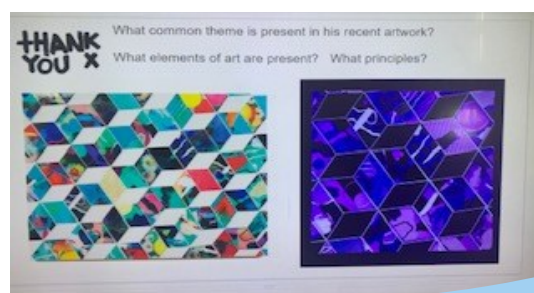

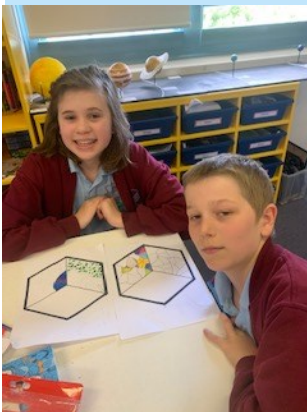

### Street Art

Year 5 students from 5/6M and 5/6W have been admiring the street art of US based 'Thank You x' and are working on a cube inspired collaborative project, capturing their own creativity.

### Solar System Models

Stage 3's Solar System project is now due. Some 3D models have already been bought to class and they are amazing! Next week, we look forward to sharing the models with students from other classes.

## Library Update

### Author Visit

Breaking News!!!

It has been confirmed that author Deb Abela will be visiting Croydon Park Public School on Wednesday 4 November; further details of the visit will be provided in Term 4.

You can find out about this terrific author and her books here:

<https://www.deborahabela.com/>

### Great Book Swap

Our Suggestion Book is always on display in the library. Students are welcome to add ideas for future purchases. The money raised through our Open Day donations will be used for these purchases.

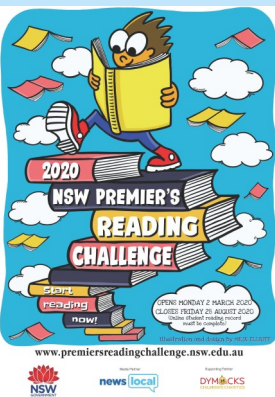

### Premier's Reading Challenge

That's it! The challenge has finished for another year. The reading records are being validated online and the last few students are adding their stars to our SuperStar boards. The certificates will arrive during November and our Years 3-6 PRC SuperStars will celebrate their achievements then.

Thanks to Mrs Burnet who has worked on the administrative tasks with me, and to all the class teachers and families who have supported our achievements in the Premier's Reading Challenge.

### Suggestion Book

Our Suggestion Book is always on display in the library. Students are welcome to add ideas for future purchases. The money raised through our Open Day donations will be used for these purchases.

## Overdue Books

Quite a large number of our students have school library books that are now overdue. Books must be returned each week. Students in Years 2-6 know how to access their library account (via their student portal and Oliver library) to check what books they currently have on loan.

## Book Week Parade

Below is a flyer for our upcoming Book Week Parade. Our parade will take place on Tuesday, Term 4 Week 2. More information about this event will be coming home early next term.

About us

Here at Croydon Park Primary OSHC Centre, we have a team of dedicated educators who are passionate about working with children. Our programs are based off the 'My time, Our Place' framework and our weekly children's meeting ensures their voice are heard to help plan our program. We have also introduced MOOVOSITY twice a week to our program to help encourage children to enjoy a life of physical activity. In addition to our program, we also run clubs every term. The clubs that we offer are both educational and engaging, allowing the children to grow their knowledge and their skill set.
